Course Outline

7:30 – 8:00 am	Check-in & Cont. Breakfast
8:00 – 12:00 pm	Session I
12:00 – 1:00 pm	Lunch
1:00 – 3:00 pm	Session II Q & A

Course Description

The majority of this presentation will concentrate on Medication-related Osteonecrosis. This will be followed by a discussion of HPV-related oropharyngeal carcinoma and its impact on the intraoral soft tissue examination.

I realize many folks are tired of hearing about osteonecrosis. BUT, this discussion will provide important information typically not included in a discussion of MRON. In addition, the updated 2022 AAOMS position paper recently was released and reveals continuing controversies related to drug holidays and appropriate therapy for active osteonecrosis. The presentation will resolve the controversies and provide a clear therapeutic path.

AN EXCELLENT COURSE FOR YOU AND YOUR DENTAL TEAM !!

***MEMBERS:** On Thursday evening, 3/09/2023, Dr. Damm will also be presenting at the NNDS General Membership Dinner meeting "Stuff Happens"; see enclosed flyer. If you are a member you are valued by saving **\$\$ to include 2.5 additional CE Units by attending on Thursday.**
