

“Better Faster Prettier Composites” Hands-On Workshop

Presented By: **David J. Clark, D.D.S.**

*Co-Director of Bioclear Learning Centers International
Founder, Academy of Microscope Enhanced Dentistry*

www.bioclearclinic.com / lifetimedentistry.net / bioclearmatrix.com

7 credits of Continuing Education (NV & CA registered provider)

Friday, November 19, 2021

Registration & Continental Breakfast 7:00 a.m.

Seminar 7:30 a.m. – 3:30 p.m. (Lunch included) **

Atlantis Casino Resort Spa, 2nd floor conference center
3800 S. Virginia Street, Reno

Course Outline

7:00 am – 7:30 am Check-in & Cont. Breakfast

7:30 am – 11:30 am **Session I**

11:30 pm – 12:30 pm Lunch

12:30 pm – 3:30 pm **Session II / Q & A**

Zoom option will not be available for this workshop because it is hands-on. Don't miss this incredible learning opportunity, **reserve now to attend in-person. Space is limited!

Major Sponsor: **3M** **ESPE** & **BIOCLEAR**

“BETTER FASTER PRETTIER COMPOSITES”

Hands-On Workshop Description

Say goodbye to layering, condensing, and burnishing! Join Dr Clark to experience a unique approach to modern resin dentistry. Participants will perform injection molding to create ideal margins, rounded emergence profiles, and mirror smooth restorations in two Anterior exercises, Deep Anterior Caries and Black Triangles and two Class II exercises. Participants will restore the Clark Class II non-retentive infinity edge preparation with realistic soft tissue dentoforms, Bioclear Matrices, regular and bulk fill 3M composites. Clinical tips for modern instruments will be shared.

Learning Objectives:

- The 6 steps to achieve rock solid posterior composite contacts in even the most difficult cases.
- Modern matrices, wedges and separators
- How can you best combine flowable and regular composites with the injection molding technique, and when to use bulk fills
- The next big thing in esthetics – Treating the “Dreaded Black Triangle” with gap closing, super curvaceous, color coded matrices
- How to handle heated composite

About the Speaker

Dr. David Clark

Dr. Clark is co-director of Bioclear Learning Centers International. He founded the Academy of Microscope Enhanced Dentistry. He is on the editorial board for several journals and has lectured in 20 different countries.

Dr. Clark’s interests include the re-designing of restorative and endodontic cavity preparations; an overhaul of the tragically outdated GV Black cavity shapes. For composite dentistry, this includes the non-retentive Class II preparation which requires the Injection Molding Filling Technique, and Injection Over-Molding of worn, mis-shaped and fractured anterior teeth with the Bioclear 360 veneer technique and system.

Dr. Clark has developed the Bioclear Matrix System that promises a real advancement for placement of biologically appropriate, esthetically pleasing direct composite restorations for treating minimally invasive Class II preparations, diastema closure, and black triangle elimination combined with papilla regeneration, and traditional anterior composites. He has been granted several US patents.

He and Dr. John Khademi are acknowledged as fathers of Minimally Invasive Endodontics, which at first was rejected by most North American endodontists, but is now being embraced by the mainstream. Dr. Clark published the first guide and classification system for dentin and enamel cracks based on 16 power magnification and has conducted studies on cracked teeth. He has designed numerous instruments, burs, wedges, matrices, separators and equipment and has written chapters for both esthetic dentistry and endodontic textbooks.

Dr. Clark served for 18 months as the lecturer and lead dentist for CRA during Gordon Christensen’s absence and served on CRA’s board of directors for several years. He maintains a private practice in Tacoma WA USA.

***MEMBERS:** On Thursday evening, 11/18/2021 Dr. Clark will also be presenting at the NNDS General Membership Dinner meeting entitled "**21st Century Composites**"; see enclosed flyer. If you are a member you are valued and saving **\$\$ to include 2.5 additional CE Units** by attending on Thursday.

Dinner meeting cost for members = \$45, non-members = \$125

Your Investment/Cost:

MEMBERS:

ADA/NDA/NNDS/NENDS Dentist, Staff Dentist **OR** first office person \$ 275
 Add'l Staff (non-dentist) \$ 140/person

Non-Members:

Non-ADA/NDA/NNDS Dentist, Staff Dentist **OR** first office person \$ 475
Non-ADA/NDA/NNDS Additional Staff (non-dentist) \$ 250/person
