May 16, 2025 – Continuing Education Course

OSHA & Infection Control 2025: Annual Compliance Training

***~ Includes the NSBDE required Infection Control Course
for Dentists, Hygienists & Dental Assistants***

Course Description:

Maintaining OSHA dental office compliance is the responsibility of the entire dental team. Dental offices are required to implement and maintain all the necessary infection control and safety systems as required by OSHA. This class provides valuable information on the regulatory requirements and offers practical suggestions on how the dental team can work together to ensure a mutually safe work environment for employees and patients.

Course Objectives:

- Understand the differences between CDC guidelines and OSHA Regulations
- Understand the OSHA Bloodborne Pathogen Standard
- Discuss the importance of a written office-specific infection control program and OSHA regulatory documents

About the Speaker

Dr. Marie Fluent

Marie T. Fluent, D.D.S., CDIPC

Dr. Marie Fluent is a University of Michigan School of Dentistry graduate. Her dental career spans over 35 years and involves lecturing, writing, and consulting on infection control-related topics, including OSHA compliance, antibiotic stewardship, and dental unit waterlines. Dr. Fluent is a member of the Michigan Dental Association and the American Dental Association and holds a Fellowship in the American College of Dentistry. She is a recipient of the Association for Dental Safety Milton Schaefer and Service Leadership Awards. Dr. Fluent is passionate and deeply committed to improving the safety of dental visits and has educated thousands of dental professionals and students nationally and internationally.
